

## Brokerage Services – Project Leasing

The Retail Connection provides aggressive and comprehensive property leasing and marketing services to our individual and institutional investors. Our clients include some of the countries largest and most sophisticated corporate, institutional and private owners and developers of real estate.

- We build each marketing and leasing program on a clear understanding of our client's objectives
- Our project representation team achieves significant results by identifying the highest and best use for retail space, and delivering strategies which maximize its full potential
- We create a competitive environment that delivers the best available tenants to maximize asset value

We possess a thorough understanding of the special requirements of retail properties and combine this knowledge with strong relationships and direct access to the retail tenant community. This combination of superior marketing intelligence and tenant interaction creates exceptional values for property owners.
